ERROR TRACKING, CHECKING & HANDLING

ETCH is a fully integrated error tracking checking & handling system within Infinite Campus. This tool currently features FTEmate, DATAmate, Student CLASSmate, Student Record, CCRPI and MARS. FTEmate features estimated district funding reports, districts errors, process to validate errors, principal sign off and many report options. DATAmate is our new data health check. Why wait for a data collection cycle to begin working on cleaning your data? This tool allows staff to review and correct data errors throughout the year. Student CLASSmate and Student Record allow districts to review errors, validate errors and feature a principal sign off. CCRPI features a Grad Rate report to assist schools with their projected graduation rate. MARS is a tool to manage at risk students. Customize MARS portal settings for your district's needs.
