# CHECKMATE

CHECKMATE

SELF SERVICE ATTENDANCE KIOSK

CheckMate is a fully integrated attendance tracking system with Infinite Campus. This tool will save your attendance clerks time by allowing students and parents to check in or out using a kiosk. The attendance data is written directly back to Infinite Campus which means no double entry of data for attendance clerks. The use of a label printer will print hall passes for students. Easily track guests or substitutes who are entering your building. CheckMate will print name badges for guests or substitutes to wear while in your building. Administrators can quickly see who's in the building at any time. Contact us today for a free quote or to schedule a demo!

CheckMate Kiosk

Student Check In	Student Check Out
Guest Check In	Guest Check Out
Employee Check In	Employee Check Out
Substitute Check In	Substitute Check Out
Student Notes	

PLUS

CheckMate PLUS features the same functionality plus the ability to enable driver's license scan, web camera and the ability to create behavior referrals. The driver's license scan captures the first name, last name and driver's license number of the Guest and/or Substitute. The web cam will take and print pictures on name badges for Guests and/or Substitutes. Create behavior referrals automatically in Infinite Campus based on tardies.
