CERTIFIED/CLASSIFIED STAFF DATA REPORTING TOOL

The K-12 CPI Tool allows users to manage and verify their CPI staff data directly in Infinite Campus, then download a ready-to-send text file required for DOE reporting. By integrating the school district's HR file with District Assignment and Course Master information found within Infinite Campus, the need to hand-calculate employee C-records is eliminated, creating a complete CPI file for all staff. Features include a master list of all staff names that visually displays current employees vs. terminations; a fully editable detail screen for each staff member containing CPI A, B, and C information; subject codes that may be set according to course name/number; exportable breakdown and graphical reports. Let the K-12 CPI Tool put the C-record in your CPI!

The screenshot shows a web form titled "CPI Details for SHELBY Q ADAMSON". It is divided into three main sections: CPI A Information, CPI B Information, and CPI C Information. Each section contains various input fields for employee details, employment status, and certification information.

Course Name	Course Number	State Course Number	Subject Matter Code
Conduct - K	00.0010000	N/A	
LA - K	23.0010000	23.0010000	230 - English Language Arts
Reading - K	23.0011000	23.0011000	230 - English Language Arts
LA - K	23.8010001	23.8010001	238 - English Language Arts
Reading - K	23.8011000	23.8011000	238 - English Language Arts
Math - K	27.0110000	27.0110000	270 - Mathematics
Math - K	27.8110000	27.8110000	278 - Mathematics
PE - K	36.0010000	36.0010000	360 - Physical Education
Science - K	41.0110000	41.0110000	410 - Science (Grades K-6)
